TRUSTEES' MEETING

REPORT ON VERDUGO WASH CHANNEL AND BRIDGE MATTER

The Board of Trustees met in regular session at the City Hall at 8:30 p. m., July 11, 1918. All members present at roll call.

The minutes of the last regular meeting were read, and owing to a clerical error on page 531, action on the same was deferred for one week.

C. E. Stanley addressed the Board, calling attention to two eucalyptus trees in the parkway on Everett street north of Broadway, which in his opinion should be removed. Referred to the Public Works Committee to report at the next meeting.

A communication was read from the Harold Bell Wright Story Picture Corporation, requesting that Adolf Rock, a watchman for that company in Verdugo Canyon, be appointed a special deputy marshal. On motion of Trustee Henry, the matter was referred to the City Marshal to investigate as to the qualifications of Mr. Rock, with authority to make the appointment temporarily.

The City Clerk reported the receipt of a statement from the General Pipe Line Company of California in compliance with Ordinance No. 165 granting an oil pipe franchise to F. E. Fitzpatrick, the statement being accompanied by a check for $23.23, being the two per cent on the gross annual receipts of the company proportioned to the length of the line in the City of Glendale previous to the annexation of the City of Tropico. He further reported that the check had been turned over to the Treasurer.

Communication was read from the American La France Fire Engine Company asking permission to eliminate the rear end suction connection from the motor combination pumping engine and hose wagon now under construction for the City of Glendale; agreeing to make a deduction of $50.00 from the contract price of the car, and to furnish one ten-foot lenght of 4½-in. and 2 ten-foot lengths of three-inch hard suction hose and connections. On motion of Trustee Shaw, the modifica-

MORE ABOUT GRANDMA LUCAS

One of her neighbors says this kind-hearted grandmother who long since passed her three score and ten years not only gave up a visit to children in the east that she might loan the money to her country, but she is doing her bit every day. Besides doing the housework, family washing and canning fruit, she cares for a war garden, waters and cuts two lawns, cares for a lot of hens and chickens, attends church, prayer meeting and Ladies' Aid regularly, and between times she knits, makes and donates quilts for the Red Cross, visits and assists sick friends and always carries with her a smile that cheers.

Recently one of her half-grown pullets got into a wire entanglement or something of the kind and ripped open its neck and crop so that the food dropped out and bones and other parts were exposed. Did Grandma kill the chicken? No. She sewed and replaced the parts and the chicken is doing fine. Grandma works because she likes to. Can you beat it?

COURTESIES TO SOLDIERS

Mr. and Mrs. E. U. Emery received a letter from their son, Top Sergeant Owen C. Emery, from Camp Mills, L. I., saying they had arrived at the end of their land journey in safety. There was a train of sixteen cars, of Pullman and tourist sleepers, with 500 soldiers on the train. Every car had a porter and Sergeant in charge. Sergeant Emery said he and the clerk of the company occupied a compartment in a compartment car. Everything was made as comfortable for the soldiers as possible. Twice each day they stopped for physical exercises. At each place they stopped they were met by the Red Cross and a large and enthusiastic crowd, and given fruits, candies and smokes.

IN HONOR OF WEST POINTER

Mr. and Mrs. C. W. Houston of 1540 Myrtle street will entertain Tuesday evening at dinner and for the evening in honor of Mrs. Houston's nephew, Edwin Potter Lock, a West Point student who will be graduated with the next class and will probably be sent overseas before she has an opportunity to see him again. Covers will be laid for his parents and his two sisters, who reside in Pasadena, and in the evening twenty-one of his aunts, uncles and first cousins will be entertained. As a farewell gift they will present him with a beautiful wrist watch.

MUNICIPAL FACTS

CITY MANAGER WATSON PRESENTS INTERESTING FACTS AND FIGURES TO TRUSTEES

You will no doubt be interested in the following report concerning use of lots and lands within the City of Glendale. Data for this report was gathered while checking vacant lots for lot-cleaning campaign.

There are 2,889 lots posted with notices to destroy weeds. These lots amount to something over 660 acres, which is approximately the amount of unused lands within the City of Glendale, not including the canyons and mountains or the large tracts of acreage.

There are 3,244 parkways that are reported as weedy. If these parkways were lined out on one side of a continuous roadway, one could travel for thirty miles and see weeds.

Of the 3,522 houses in the City of Glendale, not including Verdugo Canyon District, 3,343 are occupied—the empty houses number 179.

There are 2,338 lots upon which miscellaneous garden truck is growing:

695 lots are devoted to growing potatoes;
216 lots to beans;
383 lots to corn;
347 lots to forage;
1,850 lots have more or less fruit trees growing on them, part of which are very much neglected.

There are 421 lots upon which grape vines are existing with apparently no care whatsoever.

There are 62 lots which have been cleaned, but have not been cultivated.

Respectfully submitted,
(Signed) T. W. WATSON,
City Manager.

SAILOR BOYS ENTERTAINED

On Monday of this week Mr. and Mrs. H. E. Bartlett, 101 South Brand boulevard, had the pleasure of entertaining Robt. P. Hunt and Arthur Tinen, sailor boys from the submarine base at San Pedro.

Mr. Hunt is a cousin of Mrs. Bartlett, whom she had not seen since he was a child. He has been stationed at San Pedro for ten months and but recently discovered he had relatives in Glendale.

Both these boys are members of the submarine base band, which recently furnished music in Los Angeles during the Thrift Stamp drive and which has played for numerous benefits in the city and surrounding towns.

About two weeks ago Mr. and Mrs. Bartlett entertained besides these young men, two soldier boys from the rifle range near Glendale, thus having both army and navy represented at their dinner that evening.

CHARITY FRUIT

Any person in or near Glendale who has fruit in his possession that is apt to go to waste should report to Mrs. E. S. McKee, Glendale 1423-J, and she and her committee of twenty ladies will see that the fruit donated is picked and properly taken care of. The cooking department of the Glendale Union High School has been given over during the vacation months to the local charity workers, who will put up fruit and have it in readiness for next winter. The time is here when fruit and all kinds of food products should not be allowed to go to waste.

NEWS OF EARL TERRY

Mrs. Ida M. Terry, who is spending the summer at Hermosa Beach, has been in Glendale for a few days, and reports very satisfactory news from her son Earl S. Terry, who is in the Navy and who has been stationed at Mare Island for more than a year. In a recent letter he described the immense parade in San Francisco on the Fourth when seventeen cargo ships and destroyers were launched. He stated that men are enlisting in the Navy very fast and are coming to the Island at the rate of 100 or more a day, but that most of them are in the Naval Reserve.

HOSPITAL GARMENT SECTION

Next week will be a very busy one in the Hospital Garments Section at Red Cross headquarters. Monday and Thursday are regular working days. Tuesday members of the Ladies' Aid Society of the First Methodist Church will sew, Wednesday the ladies of the Seventh-Day Adventist Church will work, and Friday ladies from the Glendale Baptist Church will come with thimbles and needles. At present the department is making surgeon's aprons and seersucker pajamas. Mrs. P. H. Sadler was in charge Thursday, assisted by Mesdames Peet and Stevenson.

INCREASED RATES WILL BE GRANTED P. E.

COMMISSIONER LOVELAND SAYS HEARING IS TO DETERMINE EXTENT OF TEMPORARY ADVANCE IN FARES

(Special Service to Glendale Evening News)

LOS ANGELES, July 12.—The Pacific Electric company will be granted a substantial increase in rates. The present hearing is not to consider complaints of Southern California municipalities against an increase but to determine the extent of a temporary increase. With this statement Railroad Commissioner Loveland announced this position at today's session of the rate increase hearing. Any increase granted now will remain in force only until the company submits a statement of its physical resources to the commission, then another hearing will be held to determine the permanent rates. Commissioner Loveland held that street railway franchises granted the company by municipalities are worthless as far as fare fixing is concerned because the commission can disregard these. Four witnesses from Riverside and one from South Pasadena were examined today.

SEVENTY-FIVE SLACKERS ARRESTED

REFUSE STEADY EMPLOYMENT AND ATTEMPT TO SEEK CLASSIFICATION AS IN MOVIE INDUSTRY

(Special Service to Glendale Evening News)

LOS ANGELES, July 12.—Seventy-five young men were arrested this morning in a raid on the municipal employment bureau. They are charged with seeking employment as extra men at moving picture studios merely to get classified as within that industry, thereby escaping arrest under the "work or fight" order. These men are said to have persistently refused steady employment offered by the bureau.

NEW GERMAN UNITS STATIONED OPPOSITE AMERICANS ITALIANS CAPTURE BERAT, ONE OBJECTIVE IN DRIVE

(Special Service to Glendale Evening News)

WITH THE AMERICANS ON THE MARNE, July 12.—A large German patrol attempting to raid American positions at Chateau-Thierry were repelled yesterday. An examination of the dead bodies revealed the fact that new German units have been brought up opposite the Americans. Clouds and winds are hampering the activity of the airmen.

PARIS, July 12.—Advancing on a five-mile front, the French made important gains between the Aisne and the Marne, capturing the village of Longpont and some important forests nearby. French raids in the Champagne region and north of Montdidier took a number of prisoners. Enemy artillery is active around Verdun.

ROME, July 12.—Berat, strategic center on the Durrazo-Serbia road, one of the immediate objectives of the Albanian drive, was captured by the Italians and a number of prisoners and a quantity of supplies were taken. The Italians and their allies in the last three days advanced between twenty and twenty-five miles. Indications are that the Albanian fighting will spread over the entire three hundred mile front between the Adriatic and the Gulf of Rendina. Bulgarians shelled French and Greek positions in Macedonia. British aviators bombed enemy depots in the Struma valley. The Austrian right wing in retreat has become so badly disorganized at many points as to become a mob.

FIVE AMERICAN PLANES MISSING

(Special Service to Glendale Evening News)

LONDON, July 12.—Berlin reports that five of six American airplanes attempting to raid Coblenz were captured and their crews imprisoned. Thirteen enemy planes were downed by the British Wednesday. The British dropped a ton of explosives on Constantinople Sunday.

WASHINGTON, July 12.—General Pershing reports five American bombing planes missing.

TURKISH REGIMENT MUTINIES

(Special Service to Glendale Evening News)

ATHENS, July 12.—A Turkish regiment ordered from Adin to Mesopotamia mutinied and murdered its German officers, it is reported from the interior of Turkey. The mutineers were pardoned and allowed to remain at Adin.

TO DEVELOP INLAND WATERWAYS

(Special Service to Glendale Evening News)

WASHINGTON, July 12.—It is learned that the railroad administration will spend two and a half million dollars establishing branch line systems on inland waterways, the Mississippi and Black Hawk rivers, between St. Louis and New Orleans. Small steamers and barges plying these rivers will relieve the central western lines of thirty per cent of their war burdens.

PROHIBITION BILL AUGUST 20

(Special Service to Glendale Evening News)

WASHINGTON, July 12.—Senate leaders today agreed on a series of three-day recesses beginning as soon as the telegraph resolution is passed. This includes making the prohibition amendment unfinished business to be taken up August 20 and kept continuously before the Senate until disposed of.

RECREATION HOUR

A FOUR O'CLOCK FUNCTION AT GLENDALE RED CROSS CHAPTER

A pleasant variation of the routine of Red Cross work at headquarters has been effected by the secretary and hostess committee, who have succeeded in furnishing the little reception room with some extra tables and chairs, beautified it with pictures and flowers and gotten together an equipment for afternoon tea, which will be served every day hereafter at four o'clock, when workers begin to put aside their materials and prepare to leave, and when it is convenient for visitors and friends of the work to drop in. It was inaugurated Thursday and was a very simple function, strictly Hooverized. The tea was sweetened with saccharine and the biscuits were wheatless. Mrs. Blackburn and members of the hostess committee poured and served, and the tea drinkers came and went. A special guest was Mrs. Mabel Ocker, now able to get out with the help of a crutch, but longing for the time when she can be free from dependence on such aids.

Thirty-eight patrons were served at the Red Cross luncheon on Thursday and returns for the cause totalled about $14. In addition to this sum, $2.30 was earned during the luncheon by the cabaret entertainers, little Ruth Swanson and Jessie Jackson.

Mrs. Jack Boettner, the Chairman of the Red Cross Shop, reports that stock is getting low and contributions will be welcome, especially in the line of clothing and shoes, which meet with an excellent sale. Among the leaders which the shop has on display is a Tuxedo suit in excellent condition, size 38, which should appeal to some man who has need of such an equipment for social affairs. Six canaries, said to be all singers, have been donated and will be sold at attractive prices.

EXEMPTION BOARD NEWS

Five, or possibly six, men will be sent forward to Fort McDoweli under a recent call for men for general military service, July 15. The men selected, who will be mobilized Saturday morning, July 13th, are:

Howard J. Potter, 1510 Reid St., Los Angeles.
Walter G. Andresen, La Canada.
John Witt, Triumpho, Cal.
Frank Joseph Marshall, Burbank.
Otto Ferdinand Fehlhaber, Los Angeles.
Elmer O. Nelson, 328 Cedar St., Glendale.

THREE REMARKABLE MEN I HAVE KNOWN

By O. L. Kilborn

Recent dispatches relate the arrest of Eugene V. Debs of Terre Haute, Ind., for treasonable utterances. This has been Debs' daily habit for more than 20 years and he has always gotten by with it until now. Yet "Gene," as his townspeople call him, is as mild mannered a man as one often sees. He is a good neighbor, genial and accommodating, a model husband and father. In ordinary conversation with neighbors and casual acquaintances he is quiet and reasonable and you would never imagine him the author of the flagrant treason he has sent forth through the columns of "Appeal to Reason" (it should be Appeal to Treason), the socialist-anarchist paper of Girard, Kansas. He is unswervingly loyal to his friends, as was proven in the great A. R. U. strike of 1894, which he instigated and managed, for which action he served a few months' prison term in Woodstock, Ill. One of his Terre Haute friends and neighbors at that time was Riley McKeen, President of the "Vandalia Line," a railroad connecting Indianapolis and St. Louis and now a part of the great Pennsylvania System. Although the Vandalia Line ran Pullman sleepers on all its through trains during the entire period of the strike, not a train was even delayed. No other road running Pullman cars escaped a complete tie-up. When Debs took charge of the "Appeal to Reason" he at once injected a red-hot spirit of anarchy and his denunciations of the government and particularly the president were vitriolic. It is extremely probable that now he will "get his," for military trials deal out summary justice that no shyster lawyer can impede with ridiculous technicalities. And there is not a series of appeals and transfers to delay justice for years. Beside a military trial the much-vaunted trial by jury is the baldest farce when justice is demanded.

The other two men I link with Debs are the late Bill Nye and H. H.

CITRUS MARKET SLOW

ITALIAN COMPETITION AND HOOVERIZING ASSIGNED AS CAUSE

E. L. Sparr of the Sparr Fruit Company reports a rather anomalous condition in the lemon market. It started out very brisk about a month ago with prospects that prices would be very high, but something has interfered and the market is now so uncertain as to check speculation on the part of buyers. Prices have dropped $2 to $3 a box in the past three weeks, but a peculiarity of marketing conditions is that one car will bring $6, $7 or $8 a box and another car on the same day will sell for only $2 or $3 per box, which makes it impossible for buyers to predict returns. The decline in values has restored normal conditions in a way, although prices (sharing the advance in all commodities) are higher than they have been in years past. Growers who formerly sold at 1½c per pound are now getting 3c to 4c.

While it is customary to refer all vagaries in trade to the war, Mr. Sparr hesitates to charge the slowness of the lemon market to that cause, but says the shortage of sugar and the disposition to retrench in all luxuries is undoubtedly affecting the demand. The shiploads received from Italy have also cut into the market. Crop prospects are likewise uncertain. On account of the dry year, trees have not had their customary quota of water and in some instances have dried out between irrigations because of the lack of sub-surface moisture. That has impaired vitality and reduced the capacity of trees to set or hold fruit. The same thing is true of orange trees although there is a fair set on the trees at present.

NEWS OF NICHOLS FAMILY

Ben Nichols, son of Mr. and Mrs. Ben Nichols, formerly residents of this city, has been spending a few days in Glendale visiting old friends. He arrived Wednesday from San Francisco and expects to leave for Portland, Oregon, Saturday. He is taking a course in the Oregon Agricultural College at Corvallis and will be a senior there next year. It has an excellent course in military training, which Ben is also taking, and he has just completed a month's work at the officers' training camp which the government established for such students at the Presidio. Ben declares that his college ranks high in this work and has more than two companies in training. On completing his agricultural work he expects to enter the army and will be given an opportunity for additional instruction at an officers' training camp, after which he will receive a commission.

He reports that his brother Fred is now First Lieutenant in the 166th Depot Brigade at Camp Lewis. He has been acting as assistant to the camp gas instructor for the past month.

Mr. and Mrs. Nichols are now settled at Murray, about four miles north of Camp Lewis. Up to the present Mrs. Nichols has busied herself visiting camp and renewing old acquaintances, and has not yet gotten rested from her strenuous Red Cross work as chairman of the Conservation Department, but Ben thinks she will have a chance now.

Ben expects to spend his vacation working in the shipyards at Portland.

SALVAGE WORK

Mr. Nolan, who engineered the Thursday drive for the Salvage Department of the Junior Red Cross, was able to enlist only two autos in the morning and but one in the afternoon. Mr. John Todd took a truckload of paper to Los Angeles and is to transport another today. Olin Spencer, Acting Vice-Chairman, rallied to the aid of Mr. Nolan and the two, assisted by Jesse McClellan, did fine work packing and tying into bundles the papers and magazines which had been brought in.

KNITTING DEPARTMENT

The Knitting Department has its work laid out for it. Its assigned quota which it is expected to turn in by September first is:

450 pairs of socks.
125 sweaters.

As only about six weeks remain before September 1st, all knitters, especially sock knitters, are asked to rally to the aid of the chapter. This department is open three mornings a week, viz.: Monday, Wednesday and Friday, when Mrs. Ezra Parker and Miss Ainsworth are in attendance to give out yarn and receive completed work.

Mr. and Mrs. Peet have returned from an auto trip to Glen Ranch in the San Bernardino mountains, where they spent part of last week. They drove by way of Corona, where they visited old friends.

A. F. Priest of 1422 North Central avenue, Casa Verdugo, prepared the plans for a frame gymnasium building and accessories at the Oxnard High School, for which a $6,500 contract has just been let.

Mr. and Mrs. Walter Stamps of 1304 Lomita avenue entertained at dinner Wednesday evening, Mr. and Mrs. J. G. Hunchberger, their daughter Virginia and Wilbur McFadden.

Miss Ida Waite reports that a good many visitors called at the Colorado street school on Wednesday to buy thrift stamps or to secure or to bring back Red Cross work which they had done at home. Miss Waite is at the school every Wednesday morning from 10 to 12 o'clock to receive all who come.

Lieutenant Henry Webb, who has been joined by his wife and baby and is now at Coronado, has recently been promoted to more advanced work and is now Commander in Chief of dual instructors and pupils, at the San Diego aviation field. Next week at the Palace Grand Theatre the great picture, "Over the Top," will be presented. It is a dramatization of one of the most popular of the war books and is of additional interest to the public because the author has the leading role. "Over the Top" has had a big sale and been widely read in the United States and England, and the film closely follows the text.

The Surgical Dressings Department at Red Cross headquarters, which was closed for a few days, was reopened Thursday with Mrs. Edgar W. Pack as instructor. Mr. Russell, who is an Arizona rancher, is spending the week with his family. His responsibilities are such that he is able to get away only occasionally to be with his wife and children.

THREE REMARKABLE MEN I HAVE KNOWN

Kohlsaat, not that they are similar in characteristics but because of the marvelous likeness in appearance and mannerisms. Both have the kindly, genial manner that so distinguishes Debs, and the three look more alike than most brothers. Nye was as charming a conversationalist as he was dry humorist. Kohlsaat has been a remarkable man of Chicago for many years. He conducted a chain of restaurants in Chicago very successfully but he had an itching for the daily newspaper field. He tried the Herald, Inter Ocean, and then the Record-Herald, but lost money on each venture, at one time dropping more than two millions. After each failure he would go back to his restaurants and soon amass another fortune. I met him at Rockford, Ill., in 1891, I think it was, when the Illinois Newspaper Association annual convention was held there. He was then in charge of the Inter Ocean and James W. Scott was then at the zenith of his fame as owner and manager of the Herald. The two men were bitter political enemies but the warmest personal friends, and though they "lammed" each other hard in the columns of their papers, they dropped all animosities when the doors of the editorial sanctums closed. On this occasion both were called upon for speeches and both responded. Each talk abounded in sly, humorous hits at the other fellow and in conversation at the banquet table they kept us all in a roar of laughter with their sharp jibes at each other. Mr. Scott died a few years after this and Mr. Kohlsaat soon after acquired the Herald, which he consolidated with the Record. But the Record-Herald was not a success with him, as stated above, and this I think was his last newspaper venture.

Mr. Nye I never met but once, either, when he was touring the country with James Whitcomb Riley. An evening with these two men was certainly a delight.

O. L. KILBORN.

DELIGHTED WITH GLENDALE

Mr. and Mrs. K. R. La Com of 1559 Tenth street entertained at dinner on Sunday, Mr. and Mrs. George L. Trotter and daughter Helen of Seattle, Washington. Following the dinner the guests were given an auto trip through Glendale, Sunland, La Canada and Pasadena, and Mr. Trotter was so delighted with what he saw that he has practically decided to locate here and is now looking at property.

$400 CUT IN TWO

The $400 due the Evening News ten days ago for small amounts ranging from 30 cents up has received attention to such an extent the past few days that less than half the original amount remains to be paid. The directory list to be published July 15 will be greatly reduced if not entirely wiped out. Parties who have mislaid their statements may ascertain the amount by phoning Glendale 132.

Report of the Tax Collector for the week ending July 11th was received.

The City Manager called the attention of the Board to the fact that at the next regular meeting, July 18th, the hearing of protests in the matter of opening and widening Sycamore Canyon Road will come up.

In the absence of any protest, Trustee Muhleman offered a resolution abating certain nuisances, which on motion of Trustee Henry was adopted as Resolution No. 1031, "Resolution of the Board of Trustees of the City of Glendale ordering the City Manager and Ex-Officio Street Superintendent to abate certain nuisances in the City of Glendale."

Trustee Shaw presented a Resolution which was on his motion adopted as Resolution No. 1032, "Resolution of the Board of Trustees of the City of Glendale ordering the City Manager and Ex-Officio Street Superintendent to abate certain nuisances in the City of Glendale."

The City Manager presented a communication giving certain statistics and information in regard to the vacant lots of the City. The following motion presented by Trustee Shaw, was, on roll call, all voting Ayes, adopted:

That the sum of $958.18 be transferred from the General Fund to the Account carried on the books for the year 1917-18 as the lot cleaning fund, in order to balance the said account on the books.

Trustee Shaw also presented the following resolution, which was on his motion adopted:

"That a fund be created to be designated as the 'Lot Cleaning Fund,' out of which the expense of cleaning lots and removing weeds therefrom under resolution of this Board ordering the abatement of nuisances by the removal of weeds from property in the City shall be paid, and into which all amounts collected from property owners on account of such lot cleaning shall be paid; and the sum of $1000.00 is hereby transferred from the General Fund to said Lot Cleaning Fund."

The City Manager presented a report giving results of conferences and correspondence with Los Angeles County and Pacific Electric Railway Company officials in regard to the realignment of a portion of the Verdugo Wash channel and the building of new bridges on the Pacific Electric Company's Burbank line, eliminating the present trestle bridge which crosses the channel diagonally between Brand boulevard and Central avenue. He stated that the Board of Supervisors have appropriated the sum of $20,000.00 for the construction of the new bridges for the roadways of Brand boulevard, and that the Flood Control Engineer for the County and the Pacific Electric Company's engineer have agreed on plans for the realignment of wash channel and relocation of railroad tracks. The total sum to be expended consists of $20,000.00 by the County for the Brand Boulevard Bridge; $20,000.00 by the Flood Control District for excavating new channel and placing protection work thereon, and over $30,000.00 by the Pacific Electric Railway Company for new bridges and realignment of railroad tracks. The communication expressed the opinion that if no difficulty is encountered in the sale of Flood Control Bonds, the entire project may be completed before the coming season.

On motion of Trustee Shaw, the City Engineer was instructed to draw up certain deeds referred to in the Manager's communication and to secure deeds from the Pacific Electric Railway Company.

Trustee Shaw asked for the reading of a resolution in regard to the Glendale Police Department, which when read was, on motion of Trustee Henry, adopted as Resolution No. 1033, "A Resolution of the Board of Trustees of the City of Glendale providing for the organization of the Glendale Police Department, and for the salary or compensation of the members thereof and rescinding Resolution No. 889."

Trustee Shaw called for reading of Resolution appointing R. M. Lowe, Police Officer, which was read and, on motion of Trustee Shaw, amended, and when amended was on his motion adopted as Resolution 1034, "Resolution appointing R. M. Lowe, Police Officer of the City of Glendale."

"That the Manager of the Public Service Department be authorized to supply water to the property along that part of West Broadway in the Kenilworth Annexation District, as soon as the same becomes a part of the City; provided he can obtain, without expense to the City, a conveyance to the City of pipe lines by which said property is now served with water, and finds said pipe line sufficient for that purpose."

The City Attorney stated that in view of the hearing by the Railroad Commission on August 20th on the valuation of the property of the Southern California Gas Company, that it would be advisable to go before the Capital Issues Committee with a request for permission to levy a bond issue. On motion of Trustee Muhleman, the City Attorney was authorized to prepare an application for such permission. On motion of Trustee Shaw, it was ordered that the sum of $1000.00 be transferred from the Public Service Fund to the General Fund.

The Finance Committee reported in reference to the application of Francy and Lee for refund of money paid on Lot 78, Glendale Park Tract, that there seems to be no legal way by which the request can be complied with, and, therefore, recommended that the same be denied. On motion of Trustee Muhleman, the recommendation of the Committee was concurred in and the application denied.

The Finance Committee reported back the following demands approved and, on motion of Trustee Henry, warrants were ordered to be issued in payment of the same.

The 4th of July celebration under the auspices of the Sunland Branch of the Red Cross, held in the beautiful Monte Vista Park, was a decided success and the Chapter feels grateful to all who assisted by their help and donations. The park was gay with flags and bunting. A rest room had been fitted up and the different booths with good things to eat were well patronized. The program consisted of music by the orchestra, invocation by Rev. Wornum of Tujunga. Miss Stevens, who recently returned from Germany, was among the crowd and was persuaded to talk about some of her experiences for two years in the war zone. Her talk was instructive and was enjoyed by all. After more music, Rev. Wornum presented the service flag with nineteen stars representing the boys from Monte Vista Valley who are serving their country. W. P. Battelle of Los Angeles delivered the speech of the day, which was enthusiastically received. After the program the different things which had been donated were auctioned off to the highest bidder by Mr. Huse. CUT THIS OUT

Mrs. John T. Crampton gives the following formula for poisoning ants. She says she and her neighbors have used the recipe and it is absolutely sure:

If you have a large garden, or are bothered in the orchard with ants, make a preparation as follows: Five pounds of granulated sugar and two pints of water; tartaric acid (crystallized), 40 grains. Boil for 30 minutes and allow to cool. Dissolve in a half pint of hot water one-quarter ounce of sodium arsenite, C. P. Cool and add this poison solution to the syrup previously prepared and stir well. Then add to this mixture one-half pound of honey. Stir until mixed thoroughly and you will have the slow poison ready. The ants carry it to the queen and larvae. It will be about two weeks before you will begin to see the ants disappear. Place three spoons of the mixture in tin cans with covers only partially cut off. Lay the cans on their sides in the garden, or where ants frequent, then nothing but insects can get it. Renew once in two weeks. It is well to have your druggist make the measurements, as they must be accurate. One-fourth or one-fifth of the above amount would be sufficient for a garden for a year.
